# Bianchi Diva

## Espresso, Tea & Chocolate Vending Machine

The art of fresh bean espresso, cappuccino, chocolate & teas with toppings and syrup.

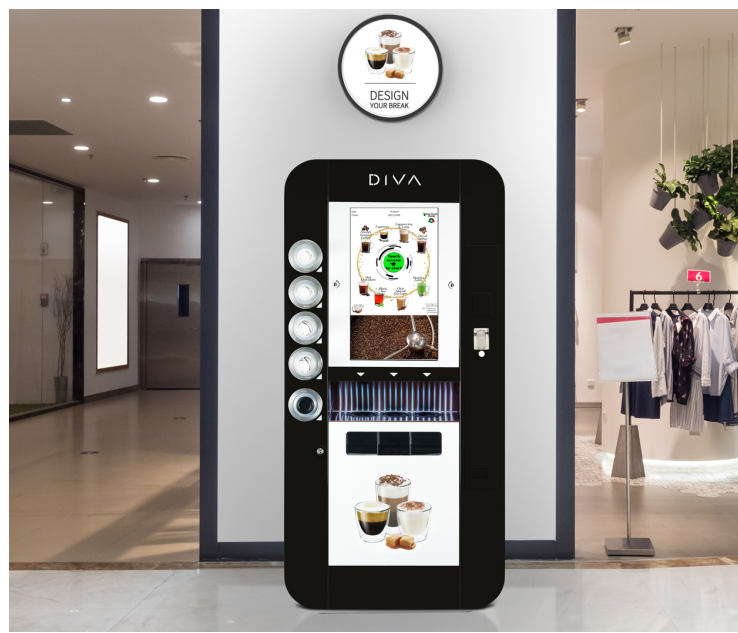

Truly a barista... available 24/7.

## Authentically Italian

Bianchi Diva Espresso, Tea, & Chocolate vending machine entices consumers by embracing all the senses. A unique feature diffuses the aroma of coffee outside the machine during the grinding and brewing process, creating an inviting environment. Customers are greeted by a full HD display with high-quality images and videos, thus further engaging passers-by. Customers can expect authentic Italian specialty coffee and amazingly delicious hot drinks. Diva's innovative Italian designers utilized top-quality materials, making Diva a luxury machine. Its contemporary style, smooth lines, and touch screen with media player give it an expressive and dynamic style.

## Sure to Impress

Diva is a coffee shop in a beautiful box suitable for shops, cinemas, offices, company lounges, and many types of locations.

Cup station with three lifts to adjust the cup position according to the cup size. A cup sensor assures the customer has placed the correct cup position and size.

A manual cup & lid dispenser fits different sizes in diameter (70, 80, or 90 mm Ø).

## Topping & Syrup Dispensing

Customize drinks by adding up to four dry ingredients such as chopped cereal, chocolate, or other flavored morsel "bits," and others. Two flavors of syrup are dispensed automatically through a pump system that can support BIB or bottles securely.

## Easy Maintenance

Diva's design makes accessing the inside of the machine easy; therefore, cleaning and maintaining it is easier. Diva automatically washes the circuits and bowls with boiling water after a drink has been dispensed to give you peace of mind. The system also runs periodic automatic hot water flushes programmable from 0 to 20 minutes after dispensing a drink. Owning a machine is as effortless as possible with Diva's convenient features.

Cappuccino with Vanilla Syrup and Chocolate Bits Topping

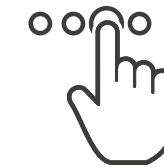

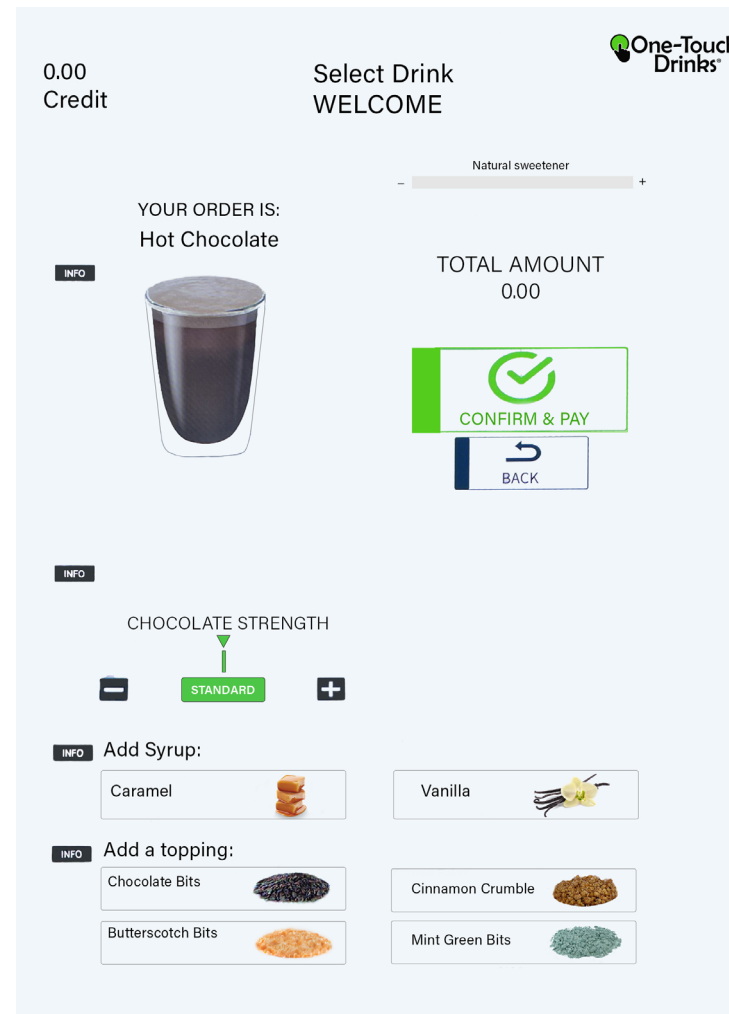

## Easy and Intuitive User Interface

Diva's interactive and intuitive touch technology interface simplifies users' purchasing process, assuring a pleasant experience. Consumers use the 32" FULL HD touchscreen display to choose among six families of hot beverages, nine selections for each family, totaling 54 drink choices.

A guided system helps users throughout the selection process, from finding their cup size to completing their drink with delicious toppings and syrups. The software also provides useful nutritional details on each drink to meet any particular dietary requirements.

Disabled users can click the wheelchair icon to lower the ordering screen and the drink selections will shift toward the lower half of the display.

Diva's ordering screen can support five different languages of your choosing. Simply click on the flag, and the other languages will appear. Four languages have been translated and are available for use upon arrival (Spanish, Chinese, Hindi, Russian) along with English.

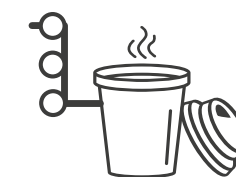

### 1. CHOOSE

Users may choose among 54 hot beverages that come in two cup sizes. A main menu (image above) is created for quick access to favorites and best-selling.

### 2. CUSTOMIZE

Each drink may be customized, and a unique recipe is created thanks to a selection of high-quality toppings and syrups on top of a vast drink menu.

### 3. LET YOURSELF BE GUIDED

The guided selection process of the graphical interface will provide a user-friendly vending experience.
